| <b>Panel: Equine</b>  |  |                   |
| Code  | Title  | Author            |
| 7   | Long term use of Flunixin meglumine & Ketoprofen in Arabian Horses and their Digestive & Cardiac injuries (Biochemical, Hematological and Endoscopic findings) | Ali Hassanpour    |
| 19  | Morphometric Evaluation of Long Bones of the Caspian Horse by Radiography  | Saman Taravat     |
| 21  | The Radiographical assessment of occurrence and degree of carpal bone fracture in Kurd horse   | Rasoul Rahimzadeh |
| 26  | Ultrasonographic Evaluation of Intraocular Structures in Healthy Dareh-shori Horse   | Roham Vali        |

|            |  |                            |
|------------|--|----------------------------|
| <b>49</b>  | Surgical treatment and a unique management of rostral mandibular fracture with cerclage wire in a horse; Clinical Report | Soroush Sabiza             |
| <b>81</b>  | Clinical and radiographical study of dental problems in horses.  | Ashkan Farrokhi            |
| <b>83</b>  | Surgical resection and diagnostic report of a well differentiated squamous cell carcinoma in the third eyelid of a horse | Narges Kavosi              |
| <b>84</b>  | Surgical treatment of early Sertoli cell tumor in a cryptochid colt  | Narges Kavosi              |
| <b>106</b> | Equine sialolithiasis, a report on four cases  | Alireza Raayat Jahromi     |
| <b>128</b> | Ultrasonographic and Anatomic Description Study of Metacarpal Tendons and Ligaments in the Anatolian Donkey              | Parham Razavi Ebrahimi     |
| <b>135</b> | Occurrence of an atypical melanocytic nevus in a horse; a case report  | Fateme Davoodabadi Farahan |
| <b>136</b> | Parotid sialolithiasis in a horse: a case report   | Fateme Davoodabadi Farahan |
| <b>150</b> | Meconium Impactions in Foals   | Salman Shahbazi            |
| <b>167</b> | What is your diagnosis? Severe cervical scoliosis in a Darreh-Shuri filly  | Maryam Ahmadi              |
| <b>170</b> | Tendon calcified in an old horse   | Amin Bigham-sadegh         |
| <b>173</b> | Diagnosis and surgical removal of a granulosa-theca cell tumor By use of the flank approach in a standing mare           | Narges Kavosi              |
| <b>185</b> | Diagnosis and Surgical Treatment of Congenital Inguinal Hernia in two new-born Arabian Colt in Yazd, Iran                | Mohammad Farajli Abbasi    |
| <b>190</b> | Splint Surgery in Horses Front Leg   | Salman Shahbazi            |
| <b>191</b> | Oxidative Stress Parameters in Turkmen Horses During Training and Competition  | Pouria Khanzadeh           |
| <b>222</b> | Incidence of rectal tears in colicky horses maltreated by their owners   | Ali Hajimohammadi          |

|                                  |  |                             |
|----------------------------------|--|-----------------------------|
| 224                              | Arthritis due to detached fragment of the sagittal ridge of the third metacarpal bone in a foal: A case report                                       | Parastoo Memarian           |
| 229                              | First report of Equine juvenile mandibular ossifying fibroma (EJMof) in a filly treated with rostral mandibulectomy in Iran.                         | Ramin Mazaheri-Khameneh     |
| 280                              | Concurrent bilateral traumatic orchitis and unilateral inguinal hernia in a stallion   | Masoud Salaran              |
| 286                              | Surgical repair of radial salter haris type III in a horse   | Keyvan Khojasteh            |
| 312                              | Surgical repair of Lateral patella luxation in foals: a review of two cases  | Samaneh Ghasemi             |
| <b>Panel: Tissue Engineering</b> |  |                             |
| 3                                | Histopathological evaluation of the effect of platelet-rich fibrin on canine cutaneous incisional wound healing                                      | Majid Khanzadeh Alishahi    |
| 10                               | Ketoprofen combined with artery graft entubulization improves functional recovery of transected peripheral nerves                                    | Nima Nikonam                |
| 18                               | Hydroalcoholic extract of oak ( <i>Quercus infectoria</i> ) acorn shell enhances healing of full-thickness wounds in rats                            | Hawdam Rostami              |
| 30                               | Efficacy of cyclosporine in the prevention of contralateral epididymal sperm deterioration in experimental unilateral vas deferens obstruction       | Mehdi Behfar                |
| 31                               | Efficacy of cyclosporine in the prevention of contralateral epididymal sperm deterioration in experimental unilateral vas deferens obstruction       | Mahdi Behfar                |
| 33                               | Bone-guided regeneration of mandibles using chitosan scaffold seeded with characterized uncultured omental adipose derived stromal vascular fraction | Rahim Mohammadi             |
| 36                               | Comparative study of the Bone Morphogenic Protein and Hydroxyapatite used in combination with Platelet Rich Plasma in bone healing in rabbits.       | Seyedeh Pantea Rahnama      |
| 43                               | Local administration of platelet derived growth factor B on functional recovery of peripheral nerve regeneration: A sciatic nerve transection model  | Atefeh Golzadeh             |
| 47                               | Platelet rich plasma locally improves functional recovery after bridging sciatic nerve defect using silicone rubber chamber                          | Sedighe Abbasipour-Dalivand |

|  |   |                           |
|--|---|---------------------------|
| 65   | The evaluation of topical administration of different doses of lint bells oil ointment on circular excision wound healing in experimental animals   | Mohammad Reza Farahpour   |
| 66   | Histopathological evaluation of $\beta$ -tricalcium phosphate (HA+ $\beta$ -TCP) granol potential for healing of segmental femur bone defect in rat | Mohammad Reza Farahpour   |
| 67   | Topical application of Thyme oil accelerates infected wound healing   | Mohammad Reza Farahpour   |
| <b>Tuesday, October 21, 2014</b><br><b>14:00-17:00</b> |   |                           |
| 68   | Evolution of Securigera seed extract on excisional wound healing in diabetic mice   | Mohammad Reza Farahpour   |
| 70   | The effect of platelet rich plasma and silicon scaffold on repair of tendon gap in Guinea pigs  | Dehghani Nazhvani Fatemeh |
| 71   | Effect of topical Pistacia Atlantica extracts on full - thickness wounds in rats  | Mohamma Reza Farahpour    |
| 72   | Combination of Cinnamon extract and Flaxseed oil accelerate full-thickness wound healing in rabbit  | Mohammad Reza Farahpour   |
| 77   | Conventional Versus Reverse Nerve Grafting For Peripheral Nerve Repair in Lower Extremity of Rats   | Shaghayegh Rafatpanah     |
| 96   | Comparative effect of Aloe Vera and Cinnamon extract accelerate full thickness wound healing in rabbit  | Mohammad Reza Farahpour   |
| 113  | Use of Ethyl alcohol in induction of experimental osteoarthritis  | Behrooz Nikahval          |
| 114  | The Effect of Platelet Rich Fibrin with Autogenous Omental Graft on Healing of Experimental Achilles Tendon Injury in Rabbits                       | Hamid Reza Moslemi        |
| 116  | Tendon Injury Healing with Fibroblast and Static Magnetic Field in Rabbit Model: Biomechanical and Histo-Pathological Evaluation                    | Setareh Ghasemi           |
| 122  | Botox immobilization effects on equine wound healing  | Alireza Raayat Jahromi    |
| 123  | Evaluation of fibroblast like synoviocytes (FLSs) on tendon healing in rabbits  | Mahboobeh Azad-Tirgan     |

|     |  |                            |
|-----|--|----------------------------|
| 127 | Influence of Xenogenous-based bovine-derived platelet gel embedded within a three-dimensional collagen implant on the healing and regeneration of the Achilles tendon defect | Abdolhamid Meimandi Parizi |
| 133 | The effect of platelet-rich plasma (PRP) on regeneration of peripheral nerve injury in rabbit radial nerve   | Zahra Sadat Saadaty        |
| 138 | Successful management of severe open metacarpophalangeal joint dorsal luxation in a Darreh-Shuri stallion  | Alireza Raayat Jahromi     |
| 139 | Protective effect of liquorice root extract on Experimental Intestinal Ischemia-Reperfusion Injury in Rats   | Amin Paidar Ardakani       |
| 141 | Comparisone of fresh frozen and lyophilized tendon xenograft transplantation from horse to rabbit: A preliminary study   | Aida Hasanpour             |
| 143 | Inactive Platelet Rich Plasma (PRP) Improve Early Tendon Healing in a Rabbit DDF Tendon Model  | Sarah Javanmardi           |
| 152 | Protective Effects of Vitamin C & E and Hydrocortisone against Intestinal Ischemia-Reperfusion Injury in Rats  | Parham Razavi Ebrahimi     |
| 163 | Effect of topical Nitroglycerine on excisional wound healing on rabbit model   | Hesam Savadkoohi           |
| 164 | Protective effects of mummy remedy on cutaneous burn wound healing   | Hamzeh Soltani nezhad      |
| 166 | Study on the Effect of ground Black cumin ( <i>Nigella sativa</i> Linn.) on experimental renal ischemia-reperfusion injury in rats   | Ghafour Mousavi            |
| 175 | Reports of Cutaneous Wound Healing Caused by Hexamita in Discus Ornamental Fish  | Ashkan Pourshahbaz         |
| 176 | Protective strategies against renal ischemia-reperfusion injury using different antioxidative agents   | Mohammad Farajli Abbasi    |
| 195 | Advancement in bone graft and graft substitute for delayed union and nonunion fractures treatment: A Review  | Emad Sayahi                |
| 212 | The Influence of Enoxaparin and Clopidogrel on Survival of Accidental Skin Flap in Rat Animal Model  | Atieh Kheirollahi          |
| 230 | A comparison between differnet nerve conduits in rat: sciatic nerve growth within dermis, venous and nerve   | Atieh Kheirollahi          |
| 240 | Evaluation of Low-Level Laser Therapy on Experimental Bone Defect Healing in Rat   | Fardin Bodagh              |

|                                    |  |                           |
|------------------------------------|--|---------------------------|
| 263                                | Determining of osteointegration rate and examination of epithelium in surface of implants with flapless technique in 5 groups of rats, with normal bone. Osteoporotic bone, osteoporotic bone treated by Estrogen, VitD or Alendronate | Sohail Ghazanfari Hashemi |
| 283                                | The evaluation of the healing potential of Cuscuta epythimum essential oil and water soluble extract on experimental skin wounds   | Hadi Hassibi              |
| 316                                | standardization of the second and third degree burn's wound by using rabbit and an animal model  | Navid Moeinoroay          |
| <b>Wednesday, October 21, 2014</b> |  |                           |
